

DX05 SPECIFICATION - PBX05

Picture		
Parameter	Sensor	CMOS SENSOR
	Chipset	Ambarella A7L Super clear chipset
	LCD	No
	IR cut base	Yes
	Lens	165°
	Memory	default 32G (up to 64G)
	Speaker	built-in
	Microphone	built-in
	WIFI	Optional
	GPS	Optional
	AES	Optional
	Multifunction interface	12Pin contactor
	On-vehicle function	fixed on vehicle with recharge and intercom function
Video/Audio	Video resolution	2304X1296 30fps
		1920X1080 30fps
		1280X720 30fps
		1280X720 60fps
		848X480 30fps
	Video(compression)	MOV(H.264)
	Continuous video recording time	9H12min by 720P, 10H26min by 480P
	Audio format	WAV
	LED indicator	power-on, recharge, video/audio recording, abnormality indication (red , yellow , green) ,closed
	Night vision distance	strengthen energy-saving IR LED with 15m visual range
	IR cut way	auto
	Basic function	audio video recording
	Watermark	Year/Month/Day/Hour/Minute

Function	Superimposed	device ID,user ID
	OSD language	English , simple Chinese
	File generated format	PICT****.JPG\WAV\MP4
	Motion detection	Yes
	One-key operation	Yes
	Pre-recording	20-50S
	Post-recording	60s
	GPS locating	Optional
	Live video transmission	By WIFI APP
	File encryption	AES128 military level encryption
	Buttons	power key/video recording key/WIFI key
Structure	Drop test	2m
	Clip	crocodile clip
	Waterproof level	IP66
	Housing	overmolding
	Size(mm)	69.5*58*31.5mm
	Weight	116g
Battery	Battery capacity	3150mAh Lithium
	Recharging time	around 5H
	Recharging way	AC adaptor/USB/car charger
Accessory	CD	PC software,user manual
	USB cable	Yes
	Adaptor	5V/2A
